WORK EXPERIENCE

HMR Accountancy Limited – Trainee Accountant | London | Jan – Apr 2024 •

Prepared financial statements and contributed to tax planning strategies for high-net-worth individuals, ensuring compliance with accounting standards and regulatory frameworks.

- Assisted in wealth management planning, including retirement strategies and portfolio allocation, developing a strong understanding of investment principles and long-term financial planning.
- Collaborated with senior accountants on risk assessments and financial structuring, strengthening analytical and problem-solving skills.

Double Eleven Management Ltd – Finance Intern | London | Feb – Jun 2023 • Built financial models and conducted investment forecasting, supporting strategic decision-making on corporate investments.

- Produced investor reports and portfolio performance reviews, enhancing skills in data interpretation and presentation to stakeholders.
- Assisted with risk analysis and budget planning, gaining exposure to capital allocation and financial control processes.

Lovisa – Sales Assistant | London | Oct 2022 – May 2023

- Delivered tailored product recommendations by analysing customer needs, strengthening advisory and client-facing skills relevant to client relationship management in finance.
- Processed and reconciled high-value transactions with accuracy, building attention to detail and numerical discipline under pressure.
- Supported store operations including inventory control and daily sales reporting, improving commercial awareness and data-driven decision-making.

Self-Employed – Mathematics Tutor | Jan 2020 – Present

- Taught financial mathematics, budgeting, and investment basics to students, enhancing advisory, communication, and mentoring skills.
- Developed strong interpersonal and leadership skills through consistent engagement with clients over multiple years.
